THE MISSION

For the past two years, Flooded With Love has brought our community together through live music, generosity and compassion — raising critical support for families facing disaster throughout East Montgomery County.

What began as a vision from **Sundance Head**, winner of *The Voice*, has grown into a movement of community leaders, businesses, churches, families and neighbors who believe that when tragedy strikes, families should not have to face it alone.

The Flooded With Love Disaster Relief Fund exists to respond when local families experience devastating hardship — floods, fires, severe storms, displacement and other unforeseen crises. Your sponsorship helps ensure that when disaster hits East Montgomery County, help is already waiting.

> **“Your sponsorship does more than support a concert — it ensures help is already waiting before disaster arrives.”**
>
> **— Sundance Head**
